What is the Goliath's Spear Ministry?

We bring a dynamic message and interactive display reminding us that a giant's weapon is no match for the presence and power of God in our lives. The presentation brings people face-to-face with a life size spear and giant of Biblical proportions, including meticulously researched and hand-crafted life size replicas of other ancient artifacts of that time period.

The eye catching interactive display, where people can touch and experience, is a **one of a kind encounter** that brings people up close with the dangers David faced and the mighty God who delivered the Israelites from the Philistines.

An engaging message, typically 45 minutes but tailored to your timeframe, is delivered for all ages using visuals that provide accurately researched facts. The biblical message presented encourages individuals to seek God's guidance to defeat their giants and become effective Christian leaders and champions of their faith according to the Scriptures.
