

# — GOLIATH'S SPEAR —

Just about everyone has heard the story of David and Goliath. David had a sling and five smooth stones. Goliath had a spear, a javelin and a shield. What ever happened to these weapons? Where is Goliath's spear today? After two years of research and development, Goliath's spear has been reproduced as historically accurate as possible. The same materials and techniques that would have been used 3,000 years ago were used to make this massive weapon. You can see this museum quality exhibit at the following location. Bring the entire family and your friends!
