David's $10,000 Goliath

Help us reach our $10,000 goal in 40 days.

For 40 days Goliath went out and basically said God didn't have anyone who could beat him. David was willing to take up the challenge and God gave him the victory. We have 40 days before our Goliath $10,000 bill needs to be paid.

There are five more spear heads and counter weights being made. They will be finished March 6. Each one is $2,000 for a total of $10,000.

The Bible tells us that David took 5 smooth stones. (1 Samuel 16) Each stone on our chart represents $2,000. Help us move David closer to Goliath over the next 40 days and slay this $10,000 giant.

Daily progress will be posted at https://www.facebook.com/goliathsspear/

Print out these two pages, cut David out of this page and then follow along as a family moving David closer and closer each day. Talk to your kids about the story of David and Goliath. Read the story from the Bible. Pray with your children that will meet this need and let them see this miracle happen. As a family, move David closer by making a tax-deductible donation at www.GoliathsSpear.com . Each gift, large or small will get us closer.

Thank you for being a part of this HUGE project.

Checks made out to Jest Kidding can be sent to:
